Boats.co.uk: First New Princess Sold By Princess Denia In Spain

Great start for Boats.co.uk new Spanish office

Boats.co.uk has announced that its newly opened Princess Denia office, at Marina de Denia on the Costa Blanca, has handed over the first new Princess Motor Yacht to be sold from the facility. The Princess 60 was purchased by a British couple who will keep the boat at their home port, south of Alicante.

Manager of the Denia office Jozef Gres said: "It was a great pleasure to hand

over the keys of the first new motor yacht sold from our Denia office. The new owners of this superb Princess 60 are previous Princess owners and were delighted to see a Princess dealership open in their cruising area with the outstanding reputation of Boats.co.uk. It has been a great start for our office, with another stock brokerage boat, a Princess 58, also sold in our first few weeks. The build quality and outstanding design of Princess yachts encourages owners to remain with the brand and now, with the award-winning after-sales service that we have brought to Denia, we are looking forward to seeing many more new boat hand overs this season.”

Boats.co.uk is one of the leading UK brokerage and new boat sales companies and opened its first European offices in Marina de Denia and Cala D’or Mallorca at the beginning of the 2016 season.
