Boats.co.uk: Opens Princess Denia Office

Boats.co.uk has announced the opening of an all-new European brokerage and new Princess Yachts sales office. Located in the superb Marina de Denia on the Costa Blanca, Spain, the office will be named Princess Denia.

The new facility will provide extensive after sales and maintenance services, together with full gardiennage available to all customers. Under the management of Jozef Gres, who has a wealth of experience in sales and the marine industry across Europe, the office will open on March 21st, ready to

greet visitors over the Easter break. The office will also take part in the Denia Boat Show which will be held at the marina from 29th April until 2nd May, providing visitors with the chance to see the new Princess Yachts and used boats from Boats.co.uk for the first time.

James Barke, Managing Director of Boats.co.uk, said: "We ensured our Denia office is located in a superb location on the frontline of the marina where we can really make the most of our presence in the region. Joe and his team will be keen to offer the award-winning Boats.co.uk service at Princess Denia. Customers buying in the area or taking their boats down to the sun from the UK are assured of the renowned Boats.co.uk service to make their Mediterranean cruising even more enjoyable."

Marina de Denia is easily accessible via Alicante or Valencia airports, which are both served by direct flights from many UK airports, making the area extremely accessible for UK boat owners wanting a Mediterranean base. With a local Boats.co.uk office, those owners can be confident that their boats will be well cared for at Marina de Denia.
