Dometic & Fischer Panda UK - London Boat Show: Fischer Panda UK and Dometic to Join Forces at London Boat Show

London Boat Show 2018, ExCeL, 10th to 14th January, Fischer Panda Stand LC028

Leading marine equipment suppliers Fischer Panda UK and Dometic will join forces at next year's London Boat Show to offer an exciting range of their

new and established products on Stand LC028.

The two companies combine to offer a full-system design package and servicing capability to visitors at the new-look five-day exhibition at ExCeL London. Boat owners will be able to select a Dometic heating and ventilation (HVAC) system and then specify the correct on-board Fischer Panda generator to power the on-board equipment. The stand will also include watermakers, a range of galley and other equipment, as well as integrated mobile power solutions and hybrid electric propulsion systems.

Chris Fower, Marine Sales and Marketing Manager, Fischer Panda, said: “It is great to join up with Dometic again at London Boat Show to provide customers with a really comprehensive range of equipment. We can offer full-system design capability, servicing and aftercare and ensure that customers select the correct equipment for their requirements and the properly sized system for their boat. This year, we will have a number of new products on the stand so we are looking forward to discussing them with visitors.”

Offering the largest marine range of diesel generators to suit all types of yachts, boats and vessels, generator specialist Fischer Panda will exhibit both its new Panda 4000s and Panda 5000i Neo generators, as well as its next generation iSeries variable speed generators and electric propulsion solutions. Fischer Panda will also offer a range of watermakers from HRO/Village Marine and Sea Recovery, as well as integrated mobile power solutions and smart digital switching systems by Mastervolt/CZone. As distributor for leading HVAC supplier Dometic, the Fischer Panda stand will also feature air-conditioning systems and other Dometic products including the latest coolers and iceboxes.

The 2018 London Boat Show will feature two complementary events, the Boating & Watersports Holiday Show and BespokeLondon, as well as The Legends Theatre, packed with sailing superstars from past and present. Over 300 exhibitors will be showcasing their products with debuts to the World and European stage.

About Fischer Panda UK

Fischer Panda UK Ltd offers full-system design capability, servicing and aftercare as a leading distributor of diesel generators and a major supplier of the latest technology in air-conditioning systems, hybrid electric propulsion

systems, integrated mobile power solutions and watermakers for a variety of commercial and leisure vessels.

Renowned worldwide as innovative, reliable and extremely quiet, the extensive Fischer Panda range of compact diesel generators includes its next generation highly efficient and powerful variable speed iSeries-Generators. Other world-class products from Fischer Panda UK include desalination systems from Sea Recovery, HRO, and Village Marine, with models suitable for day-boats to warships and offshore platforms, plus air-conditioning systems from leading marine HVAC supplier Dometic.

Fischer Panda UK is ISO UKAS 9000/1 accredited and operates from a purpose built 9,000 sq. ft facility in Verwood, Dorset. Its experienced engineers, sales and operational staff work with OEMs to develop integrated systems for custom vessels and offer specialist technical support and on-going aftercare to its customers.

Also active in the military and automotive sectors, the company works with UK MOD and other armies around the world providing solutions for specialist vehicle and land-based applications. Two thirds of Formula 1 mobile truck units install Fischer Panda generators, as do the BBC, Sky and many other mobile broadcasting vehicles.

Operating since 1977, Fischer Panda GmbH is headquartered in Paderborn, Germany. The Fischer Panda team covers more than 500 technicians and partners in over 90 countries worldwide and this year is celebrating its 40th anniversary.

About Dometic

Dometic enriches people's experiences when away from home by providing smart, reliable products with outstanding design for mobile living in the areas of Climate, Hygiene & Sanitation and Food & Beverage. Dometic manufactures and sells products within these areas for use in mainly recreational vehicles, trucks and premium cars, cruisers and work boats, and for a variety of other uses.
