Dometic - London Boat Show (Release 1 of 3): Dometic Introduces New Cool-Ice CI Iceboxes with Accessories for Reliable Cooling without Power

London Boat Show 2018, ExCeL, 10th to 14th January, Dometic / Fischer Panda Stand LC028

Newly-designed series of boxes with extra-strong insulation keep ice frozen for up to 10 days

For the first time at London Boat Show, Dometic is introducing its new Cool-Ice CI icebox models, each now available with a large range of optional extra accessories.

The newly-designed, non-powered iceboxes from Dometic's popular heavy-duty series range in size from the 43-litre capacity Cool-Ice CI 42 up to the 111-litre Cool-Ice CI 110.

Perfect for reliable cooling in all conditions, the Cool-Ice units feature an extremely effective insulation system to keep food and drink fresh and cool on-board, or for storing a catch for several days during fishing or sea angling trips.

The Dometic iceboxes are made from seamless, robust plastic to withstand the roughest conditions. They also feature thick, refrigeration-grade foam insulation and a unique labyrinth sealing design to help keep ice frozen for up to 10 days.

The practical accessories available with the new models include seat cushions, rod holders and bottle openers.

A modular storage system enables the contents to be conveniently organised using wire baskets and dividers.

Lightweight and easy to carry, the iceboxes come with strong ergonomic handles. The Cool-Ice CI 85W features wheels in addition to a pull-out handle.

The smaller models in the series, the Cool-Ice WCI 13 (13 l), Cool-Ice WCI 22 (22 l) and Cool-Ice WCI 33 (33 l), are still available in the original robust design with strong shoulder strap.

Smooth contours and durable, integrated hinges and feet ensure the boxes can be conveniently stored when space is limited. Practical tie down points are included below the handles for safe transportation.

Cool-Ice iceboxes are also hygienic and very easy to clean, with mid to large capacity models featuring a large diameter drain plug.

The complete Cool-Ice range now includes the following: Cool-Ice WCI 13 (13 l), Cool-Ice WCI 22 (22 l), Cool-Ice WCI 33 (33 l), Cool-Ice CI 42 (43 l), Cool-Ice CI 55 (56 l), Cool-Ice CI 70 (71 l), Cool-Ice CI 85 (87 l), Cool-Ice CI 85W (86 l), Cool-Ice CI 110 (111 l).

The prices for the Dometic Cool-Ice iceboxes start at £69.
