

Draper 105-Piece Tool Kit

Jan 08, 2016 14:57 GMT

Interform Marine: Appointed Sole Distributor for Draper Marine Tools

Interform Marine, the UK manufacturer of the MarinePod range of instrument housings for yachts, has been appointed sole distributor for Draper Tools' newly branded range of quality and specialist marine tools. Under the brand Draper Marine, Interform Marine will be offering a range of tools to suit all boating needs from basic kits for the more budget conscious to high quality tools designed for longevity and long distance offshore cruising or racing.

Southampton based Draper Tools are a renowned supplier and distributor of

a wide range of tools both throughout the UK and internationally. Founded as a family business in 1919, Draper Tools is still owned by the same family and has grown to become the leading tool supplier in the UK and a well-loved brand that can be found on any high street.

Having identified a major opportunity within the marine industry and recognising Interform Marine's expertise in product development and distribution within this field, Draper Tools turned to Interform Marine to develop and grow the new Draper Marine brand.

Interform Marine's Sales Manager, Mark Tilley said, "Using our industry knowledge, we have been working closely with Draper Tools for some time to create a range of specialist tool kits to suit offshore, coastal and inshore sailing and powerboat users. We have also identified individual tools of suitable quality that will be of interest to boat owners and tradespeople within the industry. This is a very exciting opportunity for us and we are delighted to have been acknowledged in this way by such a well-known household name and to grow the Draper Marine brand from its conception."

The new Draper Marine range of tools will be available to end users, boatyards, boat builders and chandlers throughout the UK and internationally directly from Interform Marine. Products available include a range of essential tool kits such as Draper Marine's 105-Piece Tool Kit priced at £53.22; Stainless Steel Engineers Screwdriver Set at £79.42; the heavy duty 150-Piece Socket & Spanner Tool Kit at £277.19 and a Stainless Steel Combination Spanner Set priced at £288.00. All prices are inclusive of VAT.

For further information, visit Interform Marine on stand E028 at the London Boat Show or contact them on T: +44 (0) 1494 532335 or visit www.interform-marine.co.uk.

Notes to Editors

The management at Interform Marine would be delighted to welcome you to their stand E028 during the London Boat Show to find out more about a wide range of new products being launched for 2016.
