

JL Audio Marine Europe- Poole Harbour Boat Show

Apr 14, 2016 14:42 BST

## **JL Audio Marine Europe: JL Audio Confirms Participation at Poole Harbour Boat Show**

A range of JL Audio's high end marine audio products, unrivalled for their sound quality and longevity, will be on display on the Saltwater Solutions stand during the three day event which runs from Friday 20th (press and trade day) to Sunday 22nd May.

As one of JL Audio UK's core dealers and installers, Saltwater Solutions will be demonstrating the company's latest speakers, sub-woofers, amplifiers and

wireless sound solutions from its stand on Poole Quay. Visitors are invited on to the stand to witness the exceptional sound quality which sets JL Audio's products apart from other marine audio, creating an on board audio experience on a par with the very best home entertainment systems. Specially engineered to withstand the tough marine environment, JL Audio's products have been designed to last for many years whilst retaining their crystal clear sound season after season.

Taking place for the second year following its successful launch in 2015, the Poole Harbour Boat Show in association with Sunseeker will take place on Poole Quay and the award winning Poole Quay Boat Haven. This year's event is set to attract some of the industry's best known names in boating such as Sunseeker, Princess, Boston Whaler, Ribeye, Cobra RIBs, Sealine and Sea Ray and in addition to a range of boats on display on the pontoons and exhibitor stands on the quayside, visitors will be able to enjoy stepping on board the tall ship Pelican of London, a host of on-water activities, live music and fireworks.

For a demonstration of JL Audio's latest marine products, visit the Saltwater Solutions stand on Poole Quay. A fully customised JL Audio system can also be seen and heard on The Boat Club's Fairline Targa 34 located on the pontoons.
