JL Audio Marine Europe: JL Audio Marine Europe to Host Free Audio Clinic

Poole Harbour Boat Show, 19-21 May 2017, Stand: P05/P06

JL Audio Marine Europe, the European distributor for JL Audio, the US's leading marine audio systems, will be exhibiting at this weekend's Poole Harbour Boat Show as part of Poole Maritime Festival and the prestigious European Maritime Day.

The Poole based company will showcase a range of JL Audio's premium

marine audio products, unrivalled for their sound quality and longevity, from its new marine audio demonstrations trailer during the three day event.

On display, there will be a large range of JL Audio's speakers, sub-woofers, amplifiers and wireless sound solutions. Visitors are invited to take part in a free audio advice clinic with marine audio specialist, Jon Griggs, who will be offering free marine audio advice throughout the weekend, including tips on positioning, tuning and installation.

There will also be a chance to enter JL Audio Marine Europe's online summer competition, which was announced earlier this week as part of the company's 'Make Your Soundtrack Matter' campaign. JL Audio Marine Europe has joined forces with The Boat Club to offer an exclusive JL Audio 'experience' on a skippered Cranchi 30. Worth over £2000, the prize includes a full day on the water for up to four people with champagne and lunch by Rick Stein Sandbanks. The winner's personal playlist will be created especially for the day for an unforgettable audio experience on the water.

Running for the third year following its successful launch in 2015, the Poole Harbour Boat Show, part of the Poole Maritime Festival 2017, will take place on Poole Quay Boat Haven. This year's event will attract some of the industry's best known names in boating such as event sponsors, Sunseeker in addition to prominent British boat builders Princess and Ribeye.

Paul Baker, Managing Director of JL Audio Marine Europe explains, "We are looking forward to exhibiting at the Poole Harbour Boat Show for the first time and are very excited about launching our marine audio advice clinic. This is a great opportunity for boat owners to have a one to one consultation with a marine audio specialist and learn how they can make their onboard music sound so much better."

For a demonstration of JL Audio's latest marine products visit stand P05/P06 on Poole Quay. JL Audio Marine Europe's Poole based dealer, Saltwater Solutions, will also be showing a range JL Audio's products on their stand QS32.

For more information about JL Audio's marine products and to enter the competition, visit www.jlaudiomarine.eu. For further information about the Poole Harbour Boat Show, visit www.pooleharbourboatshow.co.uk.
