

43m Arkin Pruva Yachts-built S/Y Daima at the Karpaz Gate Marina boat yard this summer

Jul 05, 2016 16:12 BST

Karpaz Gate Marina: Reveals Latest Boat Yard Success.

Karpaz Gate Marina in North Cyprus has been praised for its recent boat yard project to prepare luxurious 43m S/Y Daima for the season.

The leading East Mediterranean marina is sharing a unique view of the haul-out and maintenance services carried out on the custom-built superyacht on its new YouTube video at <https://youtu.be/MeSJ4Khs4nM>. The motor sailer was the first yacht to be produced by Arkin Pruva Argos Yachts based in Antalya Free Port, Turkey and blends the comfort of a classical Turkish Gulet

with a modern hull and superstructure.

Further enhancing the Five Gold Anchor marina's reputation as a convenient and extensive dry dock facility to execute a wide scope of refit, repair and maintenance on yachts and superyachts, the S/Y Daima success is its latest notable project this year and has received positive feedback.

Arkin Group Chairman Erbil Arkin commented: "The size and capacity of the Karpaz Gate Marina Boat Yard facility and the quality of the equipment is very impressive, particularly the 300-ton capacity travel hoist. The boat was hauled out on schedule in an efficient and attentive manner, the launch back went extremely smoothly and the boat was soon back in the water and ready for the summer. We had complete trust in the experienced and accommodating Karpaz Gate Marina staff and in the security and safety of the boat yard and the whole marina."

An increasing number of superyachts, yachts and boats are using Karpaz Gate Marina's dry dock facilities for pre-season preparations, or more extensive technical and specialist work. Many long-term clients berthing at the marina are taking advantage of the free full antifouling package, with haul out and launch back, hull pressure wash, free hard standing and two coats of anti-fouling application.

The Sea-Alliance Group-managed Karpaz Gate Marina Boat Yard features an 18,000 square metre dry dock and 300-ton capacity travel hoist and service pedestals. Experienced staff are on site to conduct and execute any scope of project, while the duty-free status at the marina provides extra benefits for clients with savings on spare parts, fuel, technical service and supplies. Regular technical work on offer at the boat yard includes hull cleaning and sanding, changing anodes, cleaning of shafts and anodes, plus the application of primer.

For technical enquiries, please contact Technical Manager Ehab Hasankishk on +90 533 850 2007. For full details on all of the technical services, leisure services and other facilities at Karpaz Gate Marina, plus the attractive incentives and berthing packages for 2016, please telephone the marina office on +90 533 833 7878, email info@karpazbay.com, visit the website at www.karpazbay.com or the Facebook page at www.facebook.com/karpazgatemarina.
