Princess Motor Yacht Sales - boot Düsseldorf: Princess Motor Yacht Sales Opens German Office

boot Düsseldorf 2018, 20th to 28th January, Hall 6 Stand B21

Princess Motor Yacht Sales (PMYS) has announced the long-awaited opening of a Princess dealership in Germany, which opens this month and is based in prestigious offices at the popular Ancora Marina in Neustadt on Germany's Baltic coast.

Stefan Wilms, who will head up the Princess team at Neustadt, will be on the stand at boot Düsseldorf. Commenting on the important new dealership, he said, "I am delighted to be representing such a prestigious brand and opening the first Princess dealership in Germany. We know many German Princess owners who keep their boats in Spain and the Balearic Islands where Princess is a major brand. I am delighted that we can now bring the high standards of after sales care and legendary professional service associated with Princess to their home waters in Neustadt. We also look forward to meeting prospective owners interested in viewing Princess motor yachts in Germany for the first time."

A selection of Princess yachts will be on show in the Ancora Marina for customers to view and the full range of PMYS after sales services are available to ensure Princess owners can enjoy trouble free boating.
