Raymarine: Raymarine Opens Registration for January HQ Sales Event in 2019

UK headquarters will host customers for unique opportunity to see the latest marine electronics, talk to experts and save money with exclusive deals this winter

Fareham, United Kingdom – 8 January 2019 – Raymarine®, a FLIR Systems

brand, will host a special 10-day open house sales event in 2019 at its UK headquarters in Fareham, Hampshire. Offering exclusive winter savings on the latest marine electronics equipment, Raymarine will open its doors to pre-registered customers from Monday, 28th January to Friday, 1st February and Monday, 4th February to Friday, 8th February.

During the event, visitors will have a unique chance to see and experience Raymarine's full-suite of world-leading products and technology in its dedicated demonstration room. Equipment on display will include the Axiom[®] multifunction display family, Quantum 2 Doppler radar and FLIR thermal marine cameras, while the latest 2018 innovations such as the new award-winning Raymarine ClearCruise[™] AR (Augmented Reality) and LightHouse OS apps will also be showcased to customers.

Raymarine experts will be on hand to provide technical guidance about choosing the right marine electronics system when outfitting and upgrading a boat and to explain how the equipment can improve onboard safety, navigation capabilities and marine domain awareness. In the relaxed setting at the headquarters venue, visitors will have access to an extensive range of products to suit all boating needs, whether it is for day sailing, long-term cruising or fishing.

In the absence of the January London Boat Show in 2019, Raymarine has introduced the one-off sales event to engage with the boating community and offer customers a convenient way to buy their essential products this winter, while also benefiting from expert advice. All those attending the event will be entitled to savings on any purchases made on that day.

All visitors must book their place to guarantee attendance at the event. For more information and to register, go to:
