## Sea-Alliance Group: Vivid at Monaco Yacht Show

*Sea-Alliance Group secures prominent berth for well-known blue water cruiser*

***Berth J05 at Monaco Yacht Show, 27<sup>th</sup> to 30<sup>th</sup> September***

International yacht broker Sea-Alliance Group has announced that the 27 metre, pedigree blue water cruising yacht **Vivid** will be displayed for sale at

the Monaco Yacht Show. She will be seen for the first time at the show on berth number J05.

Having sold the yacht to her existing owner in 2004, Sea-Alliance Group has overseen two extensive refits in 2012 and 2016. The work, carried out by Jongert in Holland, has ensured **Vivid** has been maintained in virtually new condition.

Built by the renowned Dutch shipyard Jongert in 2001, **Vivid** has since circumnavigated the globe and cruised both Arctic and Antarctic regions, making this one of the most extensively travelled superyachts of her genre. To ensure the owner and guests enjoy both passages and ports to the maximum, the yacht is fitted to the very highest standards with luxuriously appointed accommodation and exceptionally equipped galley.

The management team has cared for **Vivid** for over 10 years and is highly experienced in maintaining the yacht to the meticulous standards required by the owner.

**Vivid** is of aluminium construction with a carbon fibre rig, providing exhilarating and safe sailing, eating up the miles in all conditions. To facilitate her cruising to remote areas, **Vivid** is fitted with a comprehensive satellite communications system, which provides voice, data and entertainment wherever the yacht is located.

Vivid is for sale with Sea-Alliance Group & Northrop & Johnson as joint centrals at €2.95m ex vat.
