

Vetus welcomes Tieren R Ebbitt as Applications Engineer

Sep 05, 2022 09:00 BST

VETUS MAXWELL APPOINTS NEW APPLICATIONS ENGINEER

Baltimore-based VETUS Maxwell Inc has appointed Tieren R Ebbitt as Applications Engineer. A professional yacht captain and former US Marine, Tieran brings with him a wealth of technical experience in the marine sector. He will be based at the VETUS Maxwell's Baltimore office working directly with the sales managers on technical marine mechanical, electrical and hydraulic projects.

VETUS Maxwell Inc is a leading supplier of innovative marine product

solutions throughout North and South America with a well-deserved reputation for cutting-edge technology, quality, and customer care. The company manufactures and distributes a wide range of marine products, including bow thrusters, hatches, windows, ventilation products, exhaust components, as well as a full range of windlass and anchoring solutions.

Tieren attended the Lincoln Technical Institute at Columbia, Maryland, where he studied automotive technology in depth, including diagnostics and repair in a real-world environment. As a US Coast Guard 50 Ton Master licensed captain, Tieren's previous roles have involved working for a wide range of vessel transfer and chartering companies along the US East Coast, principally in Maryland and Florida. Most recently, Tieren was Customer Service Account and Project Manager, at The Hinckley Company in Easton, Maryland, where he managed relationships with 65 high net worth clients, covering 60-plus yachts and, among other things, provided technical solutions to various projects and maintenance under way.

Tieren said: "I am looking forward to working with the great team of people at VETUS Maxwell. The company has a fantastic reputation and a strong sense of purpose, with a client-focused emphasis on achieving excellence. The skills set that I have built up over the years, and continue to expand, are all about finding solutions and getting things done and this is the culture at VETUS Maxwell."

About VETUS Maxwell

VETUS Maxwell provides sales, distribution, service, and support for its brands VETUS and Maxwell. VETUS, headquartered in the Netherlands, sets the global standard in the design and manufacturing of complete onboard boat systems for recreational and small commercial vessels. VETUS prides itself on innovation and engineers the majority of its 4,000+ product lineup in-house. The company's commitment to quality, reliability, and delivering a superior customer experience has earned the trust of boaters, yacht builders, and marine training establishments all over the world.

With an extensive range of windlasses, capstans, and accessories for vessels from 6 metres (20 feet) to over 90 metres (300 feet), Maxwell has been providing the highest quality anchoring solutions for pleasure boats, superyachts, and commercial vessels for over 50 years. Headquartered in New Zealand, Maxwell has grown to be one of the strongest windlass brands in the world and is trusted by an ever-growing list of ship captains, boat builders, and marine-industry titans.

VETUS Maxwell services the APAC region from locations in Auckland, New Zealand, and Queensland, Australia; the Americas and Caribbean from Hanover, Maryland; and Africa from Cape Town, South Africa. Additional VETUS Maxwell offices are located in France and Italy.
